

Strategies for Successful Information Retrieval

1. Did your search give you the information you need?
2. Did you spell correctly?
3. Did you type the URL correctly?
4. Did you try different search engines?
5. Do you need to narrow your search?
6. Do you need to be more specific?
7. Instead of looking for the title of a book, look for the author or book number?
8. Did you use the correct spacing and punctuation?
