Dear Red Sands Parents,

Welcome back to an exciting second semester! My name is Carlos Villalobos and I am grateful to be your new principal at Red Sands Elementary School. I am deeply committed to working with all teachers, students, parents, and community members. Prior to coming to Red Sands Elementary, I had the privilege of serving the community of East Montana Middle School as an Assistant Principal. As a leader, I have served in different roles at the campus level and began my Educational Career as a custodian in YISD about 14 years ago. It is an honor to join this wonderful community and work side by side with you to ensure the best education for all of our students here at Red Sands Elementary!

Two of our primary goals here at Red Sands will be to ensure student safety and continue academic achievement. As a team we will prepare our students to be college and career ready and help establish a love for literacy. Safety is very important and we ask all parents to please sign in at the front office when visiting our campus. Drop off zone is on the side of the school.

I believe it takes a village to ensure student success. I highly encourage all parents to participate and volunteer at Red Sands. I strongly believe that parental involvement is an essential component to student success. In addition, I believe that building strong relationships between home and school is a key factor in increasing student achievement. My Vision as principal is to always put kids first. It is my belief that all children can learn and be successful when they have a champion who believes in them to do so. My hope is that all children will thrive and love school and find it to be a nurturing learning environment that is positive, safe, caring and a fun place to learn and grow.

Coffee with the Principal meetings are scheduled the first Friday of every month from 8:30-9:45 a.m. and they are designed to help our parents bridge that connection with the campus and their scholar.

Student attendance is very important. If students are not in school they cannot learn. All students are required to be in attendance 90% of the time. Reminder that students must be in class by 7:25 A.M. The first bell rings at 7:20 A.M.

As your new principal, I am very confident that our students will be successful. Always communicate any concerns to your child's respective teacher before addressing them with administration. As principal, my door is always open and I welcome all parents. Please feel free to call or email me

Respectfully,

Carlos Villalobos

Principal
