Welcome- The meeting began at 8:30 a.m. –Mr. Littlejohn welcomed the committee

I. 2019-2020 Calendar

- Mr. Littlejohn reviewed the balanced Instructional Calendar for 2019-2020 school year. He explained, to the committee, that because the district became a District of Innovation it allows the district to change the first day of instruction. The calendar highlights were reviewed with the committee. Mr. Littlejohn also explained that having an alternative balanced calendar is a viable way to minimize the summer learning loss that occurs annually and that research has found that the average passing rates for students who attend school on a year-round calendar were higher than for pupils following a tradition calendar. The research shows that this is especially the case for lower income students. In addition, because the state will provide the revenue for the July 29-to August 30 days, the district will receive 10.6 million dollars in deferred revenue and some of the possible additional instructional programs that might be implemented with the revenue were reviewed.

II. 2019-2020 District Improvement Plan

- The committee worked on the District Improvement Plan for 2019-2020 school year.
