Violence Prevention and Intervention Information

District Policies and Procedures
The School Board is committed to providing a safe environment for students and staff by creating policy to address safety and by including it as one of the District's goals.

District Goal 2: The District will ensure a safe, well discipline positive learning environment.

Student Conduct
The Student Code of Conduct is made available on the District's website in both English and Spanish and a hard copy is provided to parents upon request. The Student Code of Conduct is used as a means to inform parents and students regarding the consequences for inappropriate behaviors not conducive to a safe environment.

Anonymous Alerts
The Anonymous Alerts system allows students and parents to report bullying or drug use or any other incident they feel the school should know about while remaining anonymous.

Truancy Prevention
The Student Code of Conduct includes consequences for truancy as a means to inform students and parents in advance as a preventative measure. Prior to filing for truancy on a student and/or parent, District Policy and Administrative Regulations require the following: 1.) Send parent a warning letter after the second unexcused tardy regarding attendance requirements and possible court action 2.) A campus administrator should conference with the parent regarding the unexcused absences. The District also utilizes the phone messenger to notify parents of student absences on a daily basis.

Drug and Violence Education
Campuses hold Red Ribbon Week activities in October of each year as a means to educate students of the dangers and ways to avoid the use of drugs and/or violence. Guest speakers are invited to present information to students in a whole group or classroom setting. The District drug dog and handler are utilized as well to present to students to educate them about dangerous drugs. The drug dog is also randomly assigned to make campus visits for drug detection or may be called upon should a campus make the request.

Bullying
The follows a bullying investigation protocol as outlined by David's Law. The information is shared with counselors and administration for follow-up efforts to assist the individual being bullied and to prevent future incidents. Campuses may also implement programs such as Character Counts and/or Positive Behavior Support as a means to build healthy student relationships and behaviors. Students at all campuses participate annually in an online anti-cyberbullying presentation and certification program. Clint ISD is also a part of the El Paso County Sherriff's Office Anti Bullying Coalition.

School Based Officers
The District is implementing a Full Time School Resource Officer Program for Secondary Campuses which provides security officers at all campuses during the school day and also during many of the evening events. These officers aid the school administration in creating and keeping a safe environment and also build relationships with our students while creating and keeping a safe environment.

Campus Visitors
The Keep nTrack System checks visitors entering our campuses to make sure they are not convicted Sex Offenders.

Cameras
The District/Campus will monitor and use Surveillance Cameras at all campuses as a deterrent and to provide additional vigilance. Cameras are located at all campuses and provide video recordings to assist the administration in their investigations.

Trainings
Reasonable Suspicion Training will be implemented at all campuses for staff intervention protocol. Staff is responsible for reporting substance abuse per Chapter 37 of Education Code.

Provide Crisis Management training to all campuses once a year and annually revise the Crisis Management Handbook in accordance with the mandates identified in S.B.11 and train campus principals to ensure implementation.

Student Performance in Postsecondary Institutions

Section 6: Student Performance in Postsecondary Institutions

➢ TEC Section 39.306 requires each district to publish, as part of its Annual Report, a report on **student performance in postsecondary institutions** during the **first year enrolled after graduation from high school**

➢ These data are compiled by the Texas Higher Education Coordinating Board (THECB)

➢ The most current report is for **2017-18 High School Graduates**

  ❑ Student performance is measured by the Grade Point Average (GPA) earned by 2016-17 high school graduates who attended public four-year and two-year institutions of higher education in fiscal year 2018

  ❑ For each student, the grade points and college-level semester credit hours earned by the student in **Fall 2018**, **Spring 2019**, and **Summer 2019** are added together and averaged to determine the GPA
