## Remote Learning Student Guidelines

### What should students be doing at home while they are distance learning?

1. Check your email every day.

2. Check each Google Classroom for new classwork everyday. Be sure to click in each class and look in the classwork tab.

3. Expect to log in to each class during your scheduled time (will follow your schedule).  
- Reminder that we will follow an A/B day schedule (90 minute classes)

4. Each teacher will be taking attendance. Be sure to be present for each class.

5. Send direct messages to your teachers if you have questions about the assignments. Teachers will set time aside during each class for support. Tutoring will be available.

6. When logged in to class, be sure to remain respectful at all times, and be sure to actively participate.  
**-must follow Student Remote Learning Expectations**

\*\*\*90% rule still in effect

### Video Conferencing Norms

- Mute your microphone
- Find a quiet space
- Keep camera ON and dress appropriately
- Think before you speak or type.
- Use appropriate language and comments, you are not anonymous
- Be a good listener
- Follow your teachers instructions just like you would in the classroom.

School is in Session
