

Clint High School
Computer Science

The Computer Science Program is an Advance Academic Pathway designed to put students on a pathway to be prepared for a career or secondary education in the Computer Science field. The Computer Science program of study focuses on computational science, programming languages, data structures and algorithms in order to introduce students to the knowledge and skills necessary to be successful in this field.

Students will take Dual Enrollment and AP Classes while in the Computer Science Pathway.

Recommended Pathway for Student in Computer Science

9th Grade	10th Grade	11th Grade	12th Grade
Fundamentals of Computer Science	Fundamentals of Computer Science Dual Credit	AP Computer Science A	Computer Science III
